

## INSTRUCTIONS

### YOUR TAROT CARDS FOR THE YEAR

A tarot deck will have 78 cards. The deck has two (2) sections of cards: major and minor cards.

### INSTRUCTIONS

#1. Select your favorite tarot deck.

A tarot deck has a major and a minor arcana. The minor arcana cards will typically represent the elements: Fire, Air, Water, & Earth. The minor arcana cards are addressing the day-to-day energies that are coming into your life. The major arcana are focused on the big shifts and changes in your life. They will be often labeled 0 - 21.

#2. You will need to separate the major arcana cards from your deck. We will be pulling the cards for the year from these cards.

#3. Clear the cards. You may tap on the cards three times to clear the deck. Set your intention to focus on the energies for the next year. I always like to light a candle when I am doing my sacred work.

#4. Shuffle the cards and set the intention to pull your card for next year.

**Your Card for the year:** \_\_\_\_\_

This will provide you with an overall perspective for next year. Set this card to the side.

# WORKSHEET
