ABOUT THE SHOW

The main purpose of the show is to share uplifting and motivational content where guests can share their stories, passions, and inspirations with our audience. Violet is on a quest to bring sacredness back into our everyday experiences. Everyone can have an extraordinary life when they are able to tap into the sacred magic within.

Magic is the art of shifting our experiences through our sacred consciousness in accordance with Divine will.

Violet creates a sacred and fun space for individuals to share information about themselves, their work, their passions, and their community. This is a casual conversation without formal introductions.

Sacred Magic was the Gold Winner for the Coalition of Visionary Resources in the podcast category for 2024.
